## SECTION 5 - PROGRAM, PROJECT OR ACTIVITY OVERVIEW

DOC Strategic Goal: Promote environmental stewardship

NOAA Mission: Science, Service, and Stewardship

NOAA Science and Technology Enterprise Objective: Accurate and reliable data from sustained and integrated Earth observing systems

OMAO Mission: To safely and efficiently operate NOAA ships and aircraft, incorporate emerging data acquisition technologies, and provide a specialized professional team responsive to NOAA programs

Safely navigate NOAA vessels and accomplish mission objectives.

#### **SECTION 6 - DUTIES AND RESPONSIBILITIES**

Property Accountability Officer - Administer and maintain a system of control and accountability for personal property as prescribed in OMAO's Personal Property Policy #1502

Property Custodians - Maintain all accountable personal property within your designated area of responsibility as prescribed in OMAO's Personal Property Policy #1502

#### 6A. Description of Duties and Responsibilities

The junior officer must earn the OOD underway qualification to stand a navigation watch without direct supervision. This qualification puts to use the knowledge gained during BOTC to ensure the safe operation of the vessel. Furthermore, the OOD is responsible for mission accomplishment, security and integrity of the ship, while maintaining proper observance of Navigation Rules and Standing Orders. The OOD must also maintain bridge records and ship's log. In addition, the junior officer may perform any of the following collateral duties depending of the needs of the ship.

Collateral Duties include, but not limited to:

- Navigation officer: Corrects, reviews, and updates navigation charts and publications; ensures planned voyages and bridge navigation equipment are consistent with prudent seamanship.

- Damage control officer: Responsible for inspections and maintenance of all shipboard safety equipment. Plans and implements safety training and drills; coordinates preparations for fleet inspection.

- Property assistance: Maintains the ship's property inventory; arranges for the transfer and disposal of accountable property; maintains the on-line property database.

- Small boat manager: Ensures small boats follow OMAO Small Boat Program requirements; coordinate the safe use of small boats; ensures scheduled maintenance occurs and is recorded.

- Mess treasurer: Manages mess bills following NOAA requirements.

- Imprest officer: Manages ship's Imprest Fund following required protocols; handles reimbursements and payment of COMSUBS - Vehicle officer: Maintains vehicle logs and arranges vehicle maintenance.

- Environmental compliance officer: Ensures shipboard compliance with environmental regulations and proper disposal of hazardous materials; trains ship personnel in spill response; prepares shipboard oil pollution emergency plan (SOPEP).

- Medical officer: Responds to shipboard medical emergencies and coordinates response from shore side medical personnel; Conducts sanitary and health inspections; Maintains medical records for all ship personnel.

Additional responsibilities:

- Provides the XO with performance comments for JO OERs.

- Is familiar with all aspects of vessel operations. By understanding the operations, the junior officer can identify and rectify unsafe practices.

- Hydrographer in-charge of a survey launch: Responsible to acquire quality data on all systems aboard the survey launch.

- Hydrographic data processor: Responsible to process Side Scan Sonar and Multi-beam data using established procedures.

- Survey sheet manager: Responsible to create line plans for all systems using accepted methodology, develop plan-of-the -day for the survey sheet and write the Descriptive Report for the survey.

- Survey launch coxswain: Earns coxswain qualification; Supplements deck department in safely leading launch survey operations Gain familiarity with mission profiles, activities, and technologies.
