From the Director's Desk

The two nomination lists containing 124 officers for permanent promotion and 29 officers for permanent appointment have not left the White House. Typically, the month of August is a very slow month at the White House. CPC continues to work with the appropriate Commerce personnel to move the lists to the Senate.

Commander Jonathan W. Bailey, NOAA
Director, Commissioned Personnel Center

Assumption of Command Ceremony

The location for the Assumption of Command Ceremony for Rear Admiral De Bow and Rear Admiral Behn has been changed. It will now be held in the Herbert C. Hoover Building auditorium. The ceremony will begin at 1000. Photo ID will be required to get through security at the building. The planned tour of NOAA Ship THOMAS JEFFERSON is cancelled.

The required uniform for the ceremony is Service Dress White, not Summer White. Please review NOAA Corp Directives, Chapter 12, for the required items for this uniform.
