Active Component

Saving with the New Blended Retirement System

The Fiscal Year 2016 National Defense Authorization Act provides our military force with a modernized retirement plan built for retirement savings. Beginning in 2018, service members can get **automatic and matching Thrift Savings Plan contributions**, as well as a mid-career compensation incentive, in addition to **monthly retired pay for life**. All service members under the current system are grandfathered into today's retirement system, but some will be eligible to opt into the new Blended Retirement System.

Pre-2018 Retirement System:

Annuity

2.5% x Years Served x Retired Pay Base
after completing 20 years of service
